## SUMMARY

As a dynamic full-stack developer, I excel at transforming innovative ideas into exceptional digital solutions. With expertise in both front-end and back-end development, I create intuitive user experiences and build robust, scalable architectures. Committed to continuous learning, I leverage emerging technologies to deliver impactful, future-ready solutions that meet evolving user and business needs.

## TECHNICAL SKILLS

Front-end	: HTML5, CSS3, JavaScript, React, Redux, Bootstrap, Next.js
Back-end	: Node.js, Express.js, JWT
Programming Languages	: Python, C, C++
Platforms	: Linux, Windows
Databases	: MongoDB, MySQL
Deployment	: Vercel, Netlify, Render, Docker
Other Tools	: Git/GitHub, Figma, Postman, Thunder Client, Visual Studio code, Vite
Soft Skills	: Leadership, Adaptability, Teamwork, Time Management

## EXPERIENCE

### MERN Stack Developer Intern

September 2024 - March 2025

Luminar TechnoLab

Kochi, Kerala

- **Full-Stack Development:** Developed dynamic and responsive full-stack web applications using frontend technologies like HTML, CSS, JavaScript, and React.js, along with backend frameworks such as Node.js, Express, and MongoDB for efficient data management.
- **API Design:** Designed and implemented REST APIs with JWT authentication that seamlessly integrated with client applications, ensuring secure and efficient data flow across components.

## PROJECTS

**HMS:** The platform connects farmers directly with consumers, simplifying crop sales and order management while allowing farmers to showcase their produce and hire services. Its goal is to improve market access, transparency, and overall efficiency and profitability in agriculture.

**RCB-MISAD:** The system utilizes a BGP algorithm for risk classification and maintains authenticated communications while dynamically classifying malware. It also sends attack information to the client for timely updates and enhanced security.

**KTU HUB:** The platform offers easy access to academic resources, including notes, syllabus, and previous year's question papers. It also provides a space for comments and feedback, promoting user engagement and collaboration.

## EDUCATION

### Master of Computer Applications, KTU University

July 2022 - May 2024

CGPA : 8.6/10

### Bachelor of Computer Science, Calicut University

July 2019 - April 2022

CGPA : 7.7/10

## LANGUAGES KNOWN

- English
- Malayalam
