Summary

I am a MERN Stack Developer skilled in building user-friendly web applications. I work with both front-end and back-end technologies, creating responsive designs and strong features using React, Node.js, and Tailwind CSS.

Experience

- MERN Stack Intern (06/2024 – 2/2025)
Luminar Technolab, Kochi.
- Freelance Graphic Designer and Web Developer (20/10/23 – Present)
Pixel8 Webxlr8 Solutions LLP, Kochi.
- PHP Laravel Intern (05/2023 - 05/2023)
Techoriz Digital Solutions Pvt Ltd, Kozhikode.

Projects

- URL Shortener (MongoDB, Express.js, React, Node.js, Bootstrap, Mui)
 - Developed a full-stack URL shortening application with custom short link generation.
 - Implemented a REST API to manage URL creation, redirection, and User Authentication.
- MERN To-Do App (MongoDB, Express.js, React, Node.js, Bootstrap)
 - Built a full-stack to-do application with CRUD functionality.
 - Developed a REST API to handle tasks and user data efficiently.
- Turbo Stream (React, Node, REST API, React, Express, Bootstrap, JSON)
 - Developed a YouTube link-saving platform with seamless API integration.
 - Implemented a clean and user-friendly UI for efficient video management.
- Simple Weather App (React, Weather API, Tailwind CSS, MUI, Axios)
 - A responsive weather app that provides real-time updates based on user city input.
 - Styled the user interface with Tailwind CSS for responsiveness and modern design elements.
- Elite Events Global (HTML, CSS, Tailwind CSS, GSAP Animations)
 - Created an event management booking website with smooth animations.
 - Utilized GSAP for engaging UI transitions and responsiveness.
- Zomato Clone (HTML, CSS, JavaScript, Bootstrap)
 - Designed a responsive front-end for a restaurant discovery platform.
 - Implemented an intuitive layout and mobile-friendly design.
- Poly Portal (HTML, CSS, JavaScript, Bootstrap)
 - Developed a comprehensive study resource website for students.
 - Integrated study notes and module resources in an accessible layout.

Technical Skills

- Programming Languages: JavaScript, HTML, CSS, Java, C++, PHP.
- Frameworks & Libraries: React.js, Express.js, Node.js, Laravel, Tailwind CSS, Bootstrap.
- Databases: MongoDB, MySQL.
- Development Tools: Git, GitHub, Figma, Adobe XD, Adobe Photoshop.

Education

- **Diploma in Computer Engineering**
Government Polytechnic College, Chelad | 01/2024 | CGPA: 7.5
- **Higher Secondary Education (Computer Science)**
Mar Basil Higher Secondary School, Kothamangalam | 01/2021 | Percentage: 77%
