PROFILE INFO

I am a dedicated and passionate Flutter developer, eager to contribute my skills and enthusiasm to a dynamic team. With a strong foundation in mobile application development and a keen interest in emerging technologies, I am seeking an opportunity to leverage my knowledge and creativity to build innovative and user-friendly mobile applications.I am committed to continuous learning and growth, aiming to collaborate with experienced professionals to enhance my expertise and make meaningful contributions to impactful projects

SKILLS

- Flutter
- Dart
- HTML
- CSS
- JAVASCRIPT
- Bloc, Providers
- Firebase
- Hive
- SQL
- Git
- GitHub
- Clean Architecture
- Agile Application Development
- CI/CD
- Flutter UI/UX Design

Soft Skills

- Analytical Skills
- Attention to Detail
- Critical Thinking
- Problem Solving
- Teamwork
- Leadership

EDUCATION

B.TECH CSE   2019 - 2023
Indira Gandhi Institute of Enginnering and Technology
APJ Abdul Kalam Technological University
CGPA: 7 / 10

+2   2017 - 2019
G.H.S.S KALLODY
PERCENTAGE: 75%

WORK EXPERIENCE

2 CLOUD SOLUTIONS   JUNE 2024 - PRESENT
Flutter developer intern - Internship

- Developed cross-platform mobile applications using Flutter and Dart.
- Implemented state management using Bloc and Provider for scalable and maintainable applications.
- Followed Clean Architecture principles to separate concerns and improve code reusability.
- Integrated RESTful APIs for dynamic data fetching and real-time updates.
- Worked with Firebase for authentication, database, and cloud functions.

CYRA LEARNINGS   NOVEMBER - DECEMBER 2023
Flutter Mobile App development

- Completed a two-month mobile app development course using Flutter, a cross-platform development framework for building native Android and iOS apps. Successfully developed a functional ecommerce app using Flutter, showcasing proficiency in UI/UX design, data management, and API integration.

LANGUAGES

- English (Fluent)
- Malayalam (Native)
- Tamil (Intermediate)

PROJECTS

NIKE SNEAKER STORE

Technology Stack: Flutter, Dart, Clean Architecture, BLoC, Figma

- Developed a cross-platform Nike Sneaker Store App offering users a seamless experience for browsing, favoriting, and purchasing Nike sneakers.
- Implemented Clean Architecture to ensure a modular and maintainable codebase for scalability and easy debugging.
- Utilized BLoC pattern for efficient state management, enabling responsive and dynamic UI updates.
- Designed an intuitive and visually appealing user interface inspired by a custom-built Figma prototype.
- Features include favorites management, cart integration, and responsive navigation for an optimized user experience.

  GitHub Repository: Nike Sneaker Store App
  Live Demo: View App

GLOBAL CHAT

Technology Stack: Flutter, Dart, Firebase, Provider

- Developed a real-time chat application designed to connect users worldwide, leveraging Firebase Firestore for real-time messaging and Provider for state management.
- Real-Time Messaging: Provides seamless communication with instant updates, ensuring users stay connected.
- Global Connectivity: Enables users from around the world to interact effortlessly.
- Efficient State Management: Utilizes Provider for smooth and responsive user experience.
